DETAILED ACTION

Response to Amendment

1. Claims 1-2, 4-7, 10-13, 48 and 49 are pending in the application. Claims 3, 8-9, 14-47 and 50 have been cancelled.

Allowable Subject Matter

2. Claims 1-2, 4-7, 10-13, 48 and 49 are allowed.
3. The following is an examiner's statement of reasons for allowance: As stated in the previous office action, with respect to claims 1, 48 and 49, the prior art fails to teach or suggest a guiding apparatus where the holding arm comprises three sections where the first section extends substantially radially and is mounted so as to be displaceable in this direction by the motor, of which a second section is fixed to the first section so as to be rotatable by motor about an axis which runs in the azimuthal direction in relation to the through opening of the portal and of which a third section is fixed to the second section so as to be rotatable by a motor about an axis which runs parallel to the axis of the through opening.

Additionally, with respect to claim 48, no prior art was found that taught or suggested a carry along slide that is designed in such a way that it can adjust the workpiece in the direction of the axis of the through opening of the portal and which is movable parallel to the axis of the through opening and can be brought into carry-along connection with the workpiece.

Claims 2, and 4-7, 10-13 are allowed as being dependent on allowable base claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
